Power Belt Conveyor

Built with detail and safety in mind, our belt conveyors will stand up to the most demanding applications. These conveyors use heavy duty belt tensioners to optimize performance. UHMW Platform protects the rollers from stone impact. The flap automatically positions as conveyor is raised to the stone will move easily through the cutter. The 3-Ply belt has a V-belt vulcanized to the bottom and V-Grooved pulleys to improve belt tracking in both directions. All Chains and sprockets are covered with guards to protect the operator.

Standard Features

- Rollers with sealed bearings and 1 1/16 through axles to reduce belt friction away from the cutter
- Heavy Duty Belt tensioners to optimize performance
- 3/8 inch thick, 3-Ply V-Grooved Belt
- Hydraulic or Electric Powered
- Forward, Reversing and Variable Speed Control
- Hydraulic raising and lowering
- Combined Slider and Roller Bed design
- Durable tubular supporting structure
- Adjustable Height Legs with Foot Plates
